Fizz!! Cush!! Here I am to show you around . . . Who'm

I? Why the *Spirit of Washington*!! I follow you all thru
school and glide along in your memories after graduation

. . . My pals use the handle "Spurty"; and since we're gonna

be such good friends, you'll call me Spurty also . . . But

now I have to persuade this 'Tonian teacher to hold off

on the red ink. Red may be all the rage, but not on report

cards. Somehow, that dash of scarlet doesn't brighten things

up at all . . . If I only can help the mark up a bit, the victim

stude might get a coveted "Special Merit" inscribed in gold

on his card . . . "Whose cards these are, I think I know"—

Purgy and Goldy, the 'Tonian Twins. I don't need to

worry about their marks . . . But our mentors aren't so cruel

as it sounds; we all know that. Purgy and Goldy can as-

sure you they are full of fun and help, too, as they guide

the lowly Sophies to mature (?) Seniors. They have some

of the best Christmas parties I've ever been to . . . and those

picnics!! My guess is that Washington is manned by the

smoothest faculty on wheels.

IN TRIBUTE

Knowledge gained through books is not the only necessary factor in the education of youth. There is also the learning to cooperate with one another in outside activities. Miss May Leete, in sponsoring welfare work in the Girls' Club for 26 years, has led many a sophomore girl to find not only joy in companionship, but also the gratification which comes from aiding the less fortunate. Through her extensive travels and exuberant spirit, she brought to her classes the realization that to be a good bookkeeper requires more than just accuracy and promptness. Now she is continuing to find joy in living through more travel and reading.

Mr. Charles White will long be remembered as a successful and challenging history teacher. With a master's degree from our state university, he was well equipped to help his students see how the past political and economic situations in our country influence the present. He kept his students on their toes, gave them an excellent background, and helped prepare them for a better life. They will long remember him for his sense of humor. After twenty-five years of service, he is now free to relax and enjoy his golf.

MISS LEETE

MR. WHITE

IN MEMORY

HOWARD MAULE

Whenever we reflect on Washington's speech department, the colorful figure who was its director for twenty-five years becomes a tradition because of his untiring effort in state debate and forensics. Howard W. Maule, who passed away as the result of a heart attack August 15, 1948, leaves an admirable record of achievement. With B.A. and M.A. degrees from Carroll College and the University of Wisconsin, he coached his school debate team to place first in the finals. In 1922, as president of the State Forensics Society, he came to Washington to build up our forensics teams, with the help of the debating societies. Mr. Maule worked with 'Tonians in the new field of State Debate and enabled them to take top honors in many competitions. His work in forensics has been hailed throughout the state. Washington shall always remember the example in leadership and fine teaching which has been so clearly set by Howard Maule.

*I wish to
everything to you,
Marilyn, have a very nice
vacation, and please come
back to see us in September.
Believe me,
Dorothy*

W. H. S.

Ta-ta-ta—Here goes another day in the life of Spurdy Spirit.

School . . . ooh . . . I love it! All these nice classrooms just waiting for the studes to come in and sit down to write some "easy" test or to fumble through a brilliant recitation . . . And everyday is like the one before, except, of course, when we have an experiment or a book report. Then again, there are days we have films, and twenty minute quizzes and panels and symposiums . . . oh dear, I could go on for pages and pages. I guess maybe the days are as different as day and night. And what days . . . First comes a gay morning spent in classes and study halls. Then comes that pre-announced (by your faithful stomach) lunch hour. Ah, those joyous moments spent in gleefully strolling down the hall and eating those delicious and greasy potato chips. (Ruin more paper that way) . . . Next comes an even gayer afternoon at the end of which, no one wants to leave, yet everyone runs for a bus . . . Yep, I think five days a week are just too few.

What about you?

W. H. S.

Thud!! A thought just struck me: "How the Atomic Bomb
Came to Be!" An interesting little tale . . . It happened that
one day Purgy was viewing a film on power (run by one
of the Visual Aid Monitors) which inspired him to read
about the atom. All the information he wanted was supplied
by a most charming Library Monitor. Then, after securing
an able secretary from the Advisement Department, he set
up his office in 422 (aided by the Office Monitors) and
picked out one of the loveliest atoms you ever did see to
work with . . . However, the tiny atom got out of its cage
one night, and Purgy was able to locate it only thru those
thorough Lost and Found Monitors. But, the path of Master
Science is ever with thorns beset; his secretary came down
with the plague. With the cheerful aid of one of the In-
firmery Monitors she was back in the 'lab' again in a few
hours . . . The experiments were a success . . . The stage
was set (by the Crew) and Master Science conducted (with
the 'Tonian ushers) the whole project to a close . . . The
moral?—when you see tuff tasks, up and atom!

W. H. S.

Wheeeeeeeeeeeeeeee!!! I'm glad I'm not a feeble mortal—
I'd never be able to hang on the handle of this gavel travel-
ing from club to club every night if I were. I'd never even
get to a single one of those spirited language club meetings
(and not spirited 'cause I'm there either). Ah, those or-
ganizations—Francais, Deutsche, Latina, and Espanol clubs
—that have such merry mixers . . . What would life be
like without my visits to Alph, Lincoln, and Philo? I
can't think of anything that boils my plasma more than a
rousing panel or a fire-and-brimstone debate! . . . I always
get a bang out of the Science Club—the 'lab' is one of my
favorite haunts . . . And Camera Club—after seeing those
colored films, I definitely decided to bring more celluloid
along on the club's next outing . . . Then, as I watch the
skits at the Players' meeting, I can't help thinking that
perhaps these same 'Tonians will be the future Barrymores
or Skinners. Topping off my calendar are the Boys' and
Girls' Clubs. They add the spice that makes life nice!
(Look, I'm a poet!) . . . Speaking of cookies, reminds me
of an appointment . . . so ta-ta, off I go . . .!!

Shades of Waring

Here's looking at you!

W. H. S.

Z . . . O . . . O . . . M . . . !! What in the world was that? Oh, it looked like Purgy. He's always on the run to get some practice or other. Last time it was football; this time it's track. I suppose next time it will be basketball or swimming. Oh well . . . Goldy stuck to tennis and volleyball this year. Confidentially, she spent most of her time watching the fellows practice for track. She undoubtedly has a terrific crush on some star hooper of ours. (Can you blame her?)

S . . . W . . . O . . . O . . . S . . . H! Here come the rest of the boys. Look at 'em go!! CLEAR THE ROAD!

They're traveling as fast as the wind. Wind? . . . reminds me, I guess I'll go down to the pool and tickle those mer-men's feet for awhile. I get such a charge out of it . . .

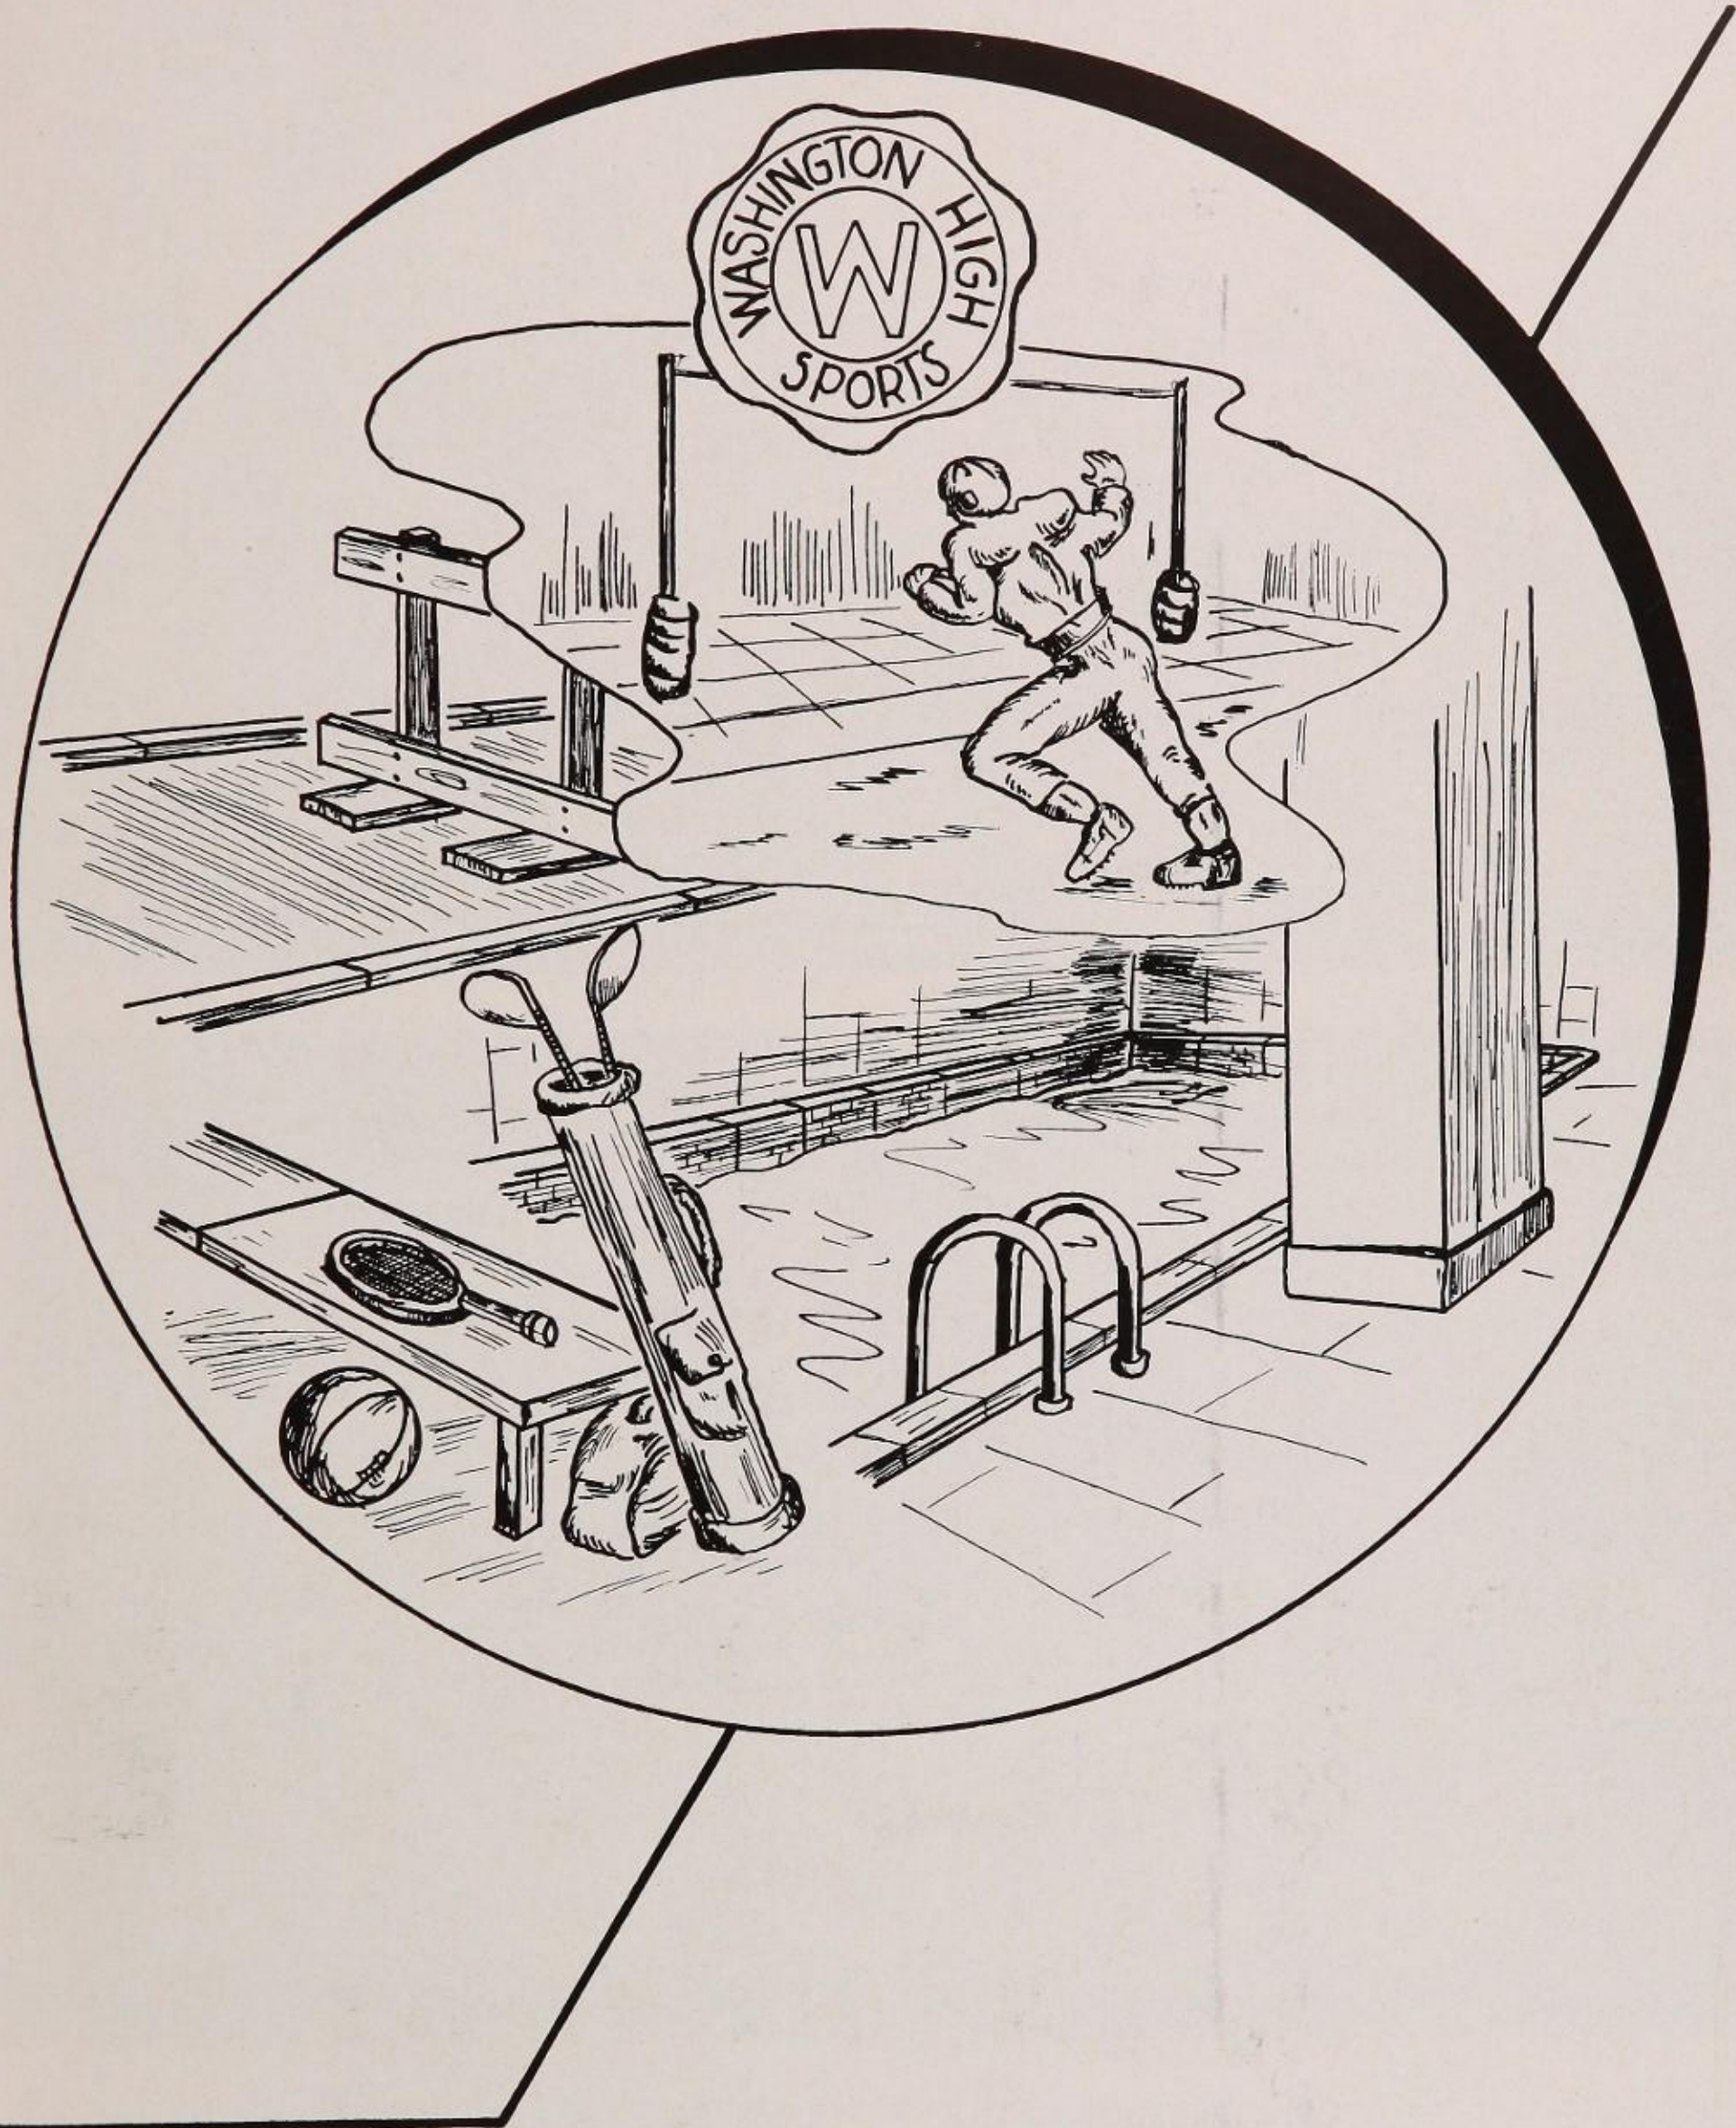

But, didn't Goldy tell me that the cheerleaders said I was supposed to do something else first? Oh, now, I remember.

I'm supposed to keep people away from the 'Tonian megaphones. Last week some guy tied knots in the ribbons on the handles. HMMHMMMMMmmm. I wonder who did that? Who? Me? Where'd you ever get that idea?

CHAMPIONS—1948

EAST

A well-inspired Eastside eleven held our relatively new Purgold squad to a scoreless tie. Both teams threatened, but costly fumbles prevented either from scoring.

TECH.

Making up for the preceding week, a much improved local eleven handed a 21-14 defeat to the Purple and White. Jack May, speedy sophomore back, ran over left tackle from the twenty-five yard stripe for the first Washington score. A pass, Polenz to Jack May, accounted for the second Boulevard tally. Lowell Jahns finished the game with a run around right end, making it Washington 21, Tech. 14.

SOUTH

The South game was by far the most exciting grid test for Washington. With nine seconds to play, the Purple and Gold were losing this game, 6-0. But the locals gained the ball on downs, and called time-out, stopping the clock. The Boulevardiers pulled a delayed pass, Polenz to Tom Laughlin, to score. Delbert May converted in the last seconds of play to make the score Washington 7, South 6.

CUSTER

The only defeat of the 1948 season came to Washington at the hands of the Indians. The only Purgold tally came when Wally Naab pulled Tom Laughlin's fumble from the air and scampered twenty-three yards to a touchdown. Del May made the conversion, making the score 17-7 in favor of Custer.

TOSA

The Washington High Junior Reserves, in the non-conference homecoming tilt, played it out with Tosa for three quarters. At that time the score was 13-13, the result of a pass from Jake Hillman to Richard Becker, and a five yard run by Rabbit Retzer, shifty halfback. Andy Ambos converted on the second tally. The varsity then went in and finished the game with a twenty-six yard run by Lowell Jahns, making the 20-13 score over Tosa.

NORTH

Another closey was the Purgold-North tilt. Leroy Hillman pulled his pass to Dick Becker again, setting up the locals on the Northside 12-yard stripe. Three plays later, Lowell Jahns scampered around end for the first Washington tally. The Golden Tide, working toward a second score, then succeeded in driving to the North 30, from which Tommy Laughlin crossed the goal line. Del May's conversion made the score 14-13, in favor of Washington.

LINCOLN

The Boulevardiers scored their most decisive victory over their traditional Lincoln rivals. The Purgold contingent scored first when Lowell Jahns broke through from the nine-yard line. After that Jack May scored the first of his three tallies of the evening. Dave Carstens and Rabbit Retzer each scored once, while Dick Becker completely broke the Lincoln spirit by scoring a safety. The final score was Washington 41, Lincoln 21.

BAY VIEW

The Washington edge over the Viewites was 14-13. The opponents were kept at bay during the first period by Dick Retzer's nine-yard plunge. The second score came when Ted Schumacker juggled a Ralph Polenz pass across the goal line. Del May booted extra points, while the second Bay View conversion attempt was blocked by Jack May and Don Harmon.

WEST

Jack May scored first by a one-yard plunge, followed by Del May's catching of a Polenz pass. J. May scored again from the 5. The final touchdown of the season was a Polenz to Jim Davies pass. Del completed the scoring with his conversion, making the score of the championship game 26-7.

SOPHS

Under the skillful coaching of coach Jerry Ahl, our B-team showed its heels to every opponent it faced this season and took the B-team championship of the city league.

The Ahlmen squad opened the season by handing Tech. a 19-0 defeat. The scoring was done by Wayne Johns, with Ted Schumacher adding one point after touchdown.

Despite a heavy rainfall and a muddy field, our B-team next toppled a strong South team. John Zirbel opened the game by running the opening kickoff for a touchdown. Ed Butemeister and Jim Barrock each tallied, the game ending with a score of 18-0.

Notching their third victory in a row, the Jarvie team defeated Lincoln, 19-0. Jim Davies caught a touchdown pass for the first tally. Dick Retzer intercepted a Lincoln pass and scored. Brian Taugher added the final six points.

Our Jarvies next traveled to the Riverside field to down a surprisingly reluctant East eleven. Our team scored first and Jim Stummeir added the first extra point. East retaliated by passing for a touchdown. The Ahlman held a 19-7 lead, but in the closing of the game, East again passed for a touchdown but missed the extra points, the final score being 19-13.

The B's returned to their own field to take their last game, 6-0 in a hard fought game with North. Although North could not score, it gave the B's their toughest opposition. Dave Rothstein scored around end early in the first quarter to make the single tally. By winning this game, Washington's B-team took the championship.

Coach Archie Hecht again coached his Sophomore team to a victorious season, taking the city conference championship for the second time in as many seasons.

The Sophomore squad opened their season by winning over South, 27-0. Ned Polenz and Bob Jarvis scored early. Ronnie Reith and Bob Jarvis, again, scored later in the game.

In the second game of the season, the Purgold sophomore team defeated a scrappy Boys' Tech. team 20-7. Bob Jarvis scored in the first quarter. Tony Jakoblich and Dick Wipperfurth tallied the other touchdowns.

Scoring in every quarter, the Sophs pushed over the East squad, 36-0. Ed Stingle scored first. Jakoblich scored twice. A pass from Polenz to Tony Turk and a field goal by Jarvis added to a thorough victory.

Winning their fourth game in a row, the Greenies pulverized a tricky West side squad, 31-0. Bob Jarvis scored three times. Dick Wipperfurth and Arnold Becker each tallied once.

The Sophs continued on their way to a victorious season by whipping the Northside squad, 35-0. Bob Jarvis scored three times, Dick Wipperfurth and Tony Jakoblich each scoring once.

The Sophomore team took the city title by defeating King, 13-6. Ronnie Reith scored first, and Bill Schneider, catching a pass from Ned Polenz, scored the second tally.

VARSITY BASKETBALL

The 1948 Ruehlmen, although having a 3-8 record against them, showed throughout the season that they were a spirited, hardfighting, well-trained group of fellows. The Purgolders lost six of their last seven games by four or less points, showing that Washington was never giving up or losing spirit. The Purple and Gold basketball squad finished the season by doing what they had failed to do in the six previous games; they pulled up at the end to edge North 57-51. With five juniors and one sophomore returning as lettermen, a bright outlook is given towards the 1949 season.

Second place in the City Meet was gained by earning 47 points. Racine Washington Pack, always good competitors, proved unequal in quality to our local contingent. With twelve returning lettermen, the Washingtonians looked forward anxiously but confidently to the 1949 track season.

Dear Marlyn,

It's been three, almost four, years that our friendship has been kept. I hope we will make it a lot longer. Oh I'll never forget those good old days at "Steele". Especially our last year. We had a lot of disagreements but never anything that really went into anything that would split us up.

Always remember Athletic Honor Day and those swell times in U. A. C. I'll look at the pictures of you in the upper and lower right side picture and remember those athletic days. (Thinking too old now)

I'll always remember our days at Campwood and ab! How I loved that swim. I hope next year you'll be lucky enough to be Badminton Champion. I also want to see you out on the basketball court in the Main League with me. June 11, 1949 will stand in my mind as a night

College—work: these are the words in the minds of seniors.

At last they're graduating. Are they proud? You bet . . .

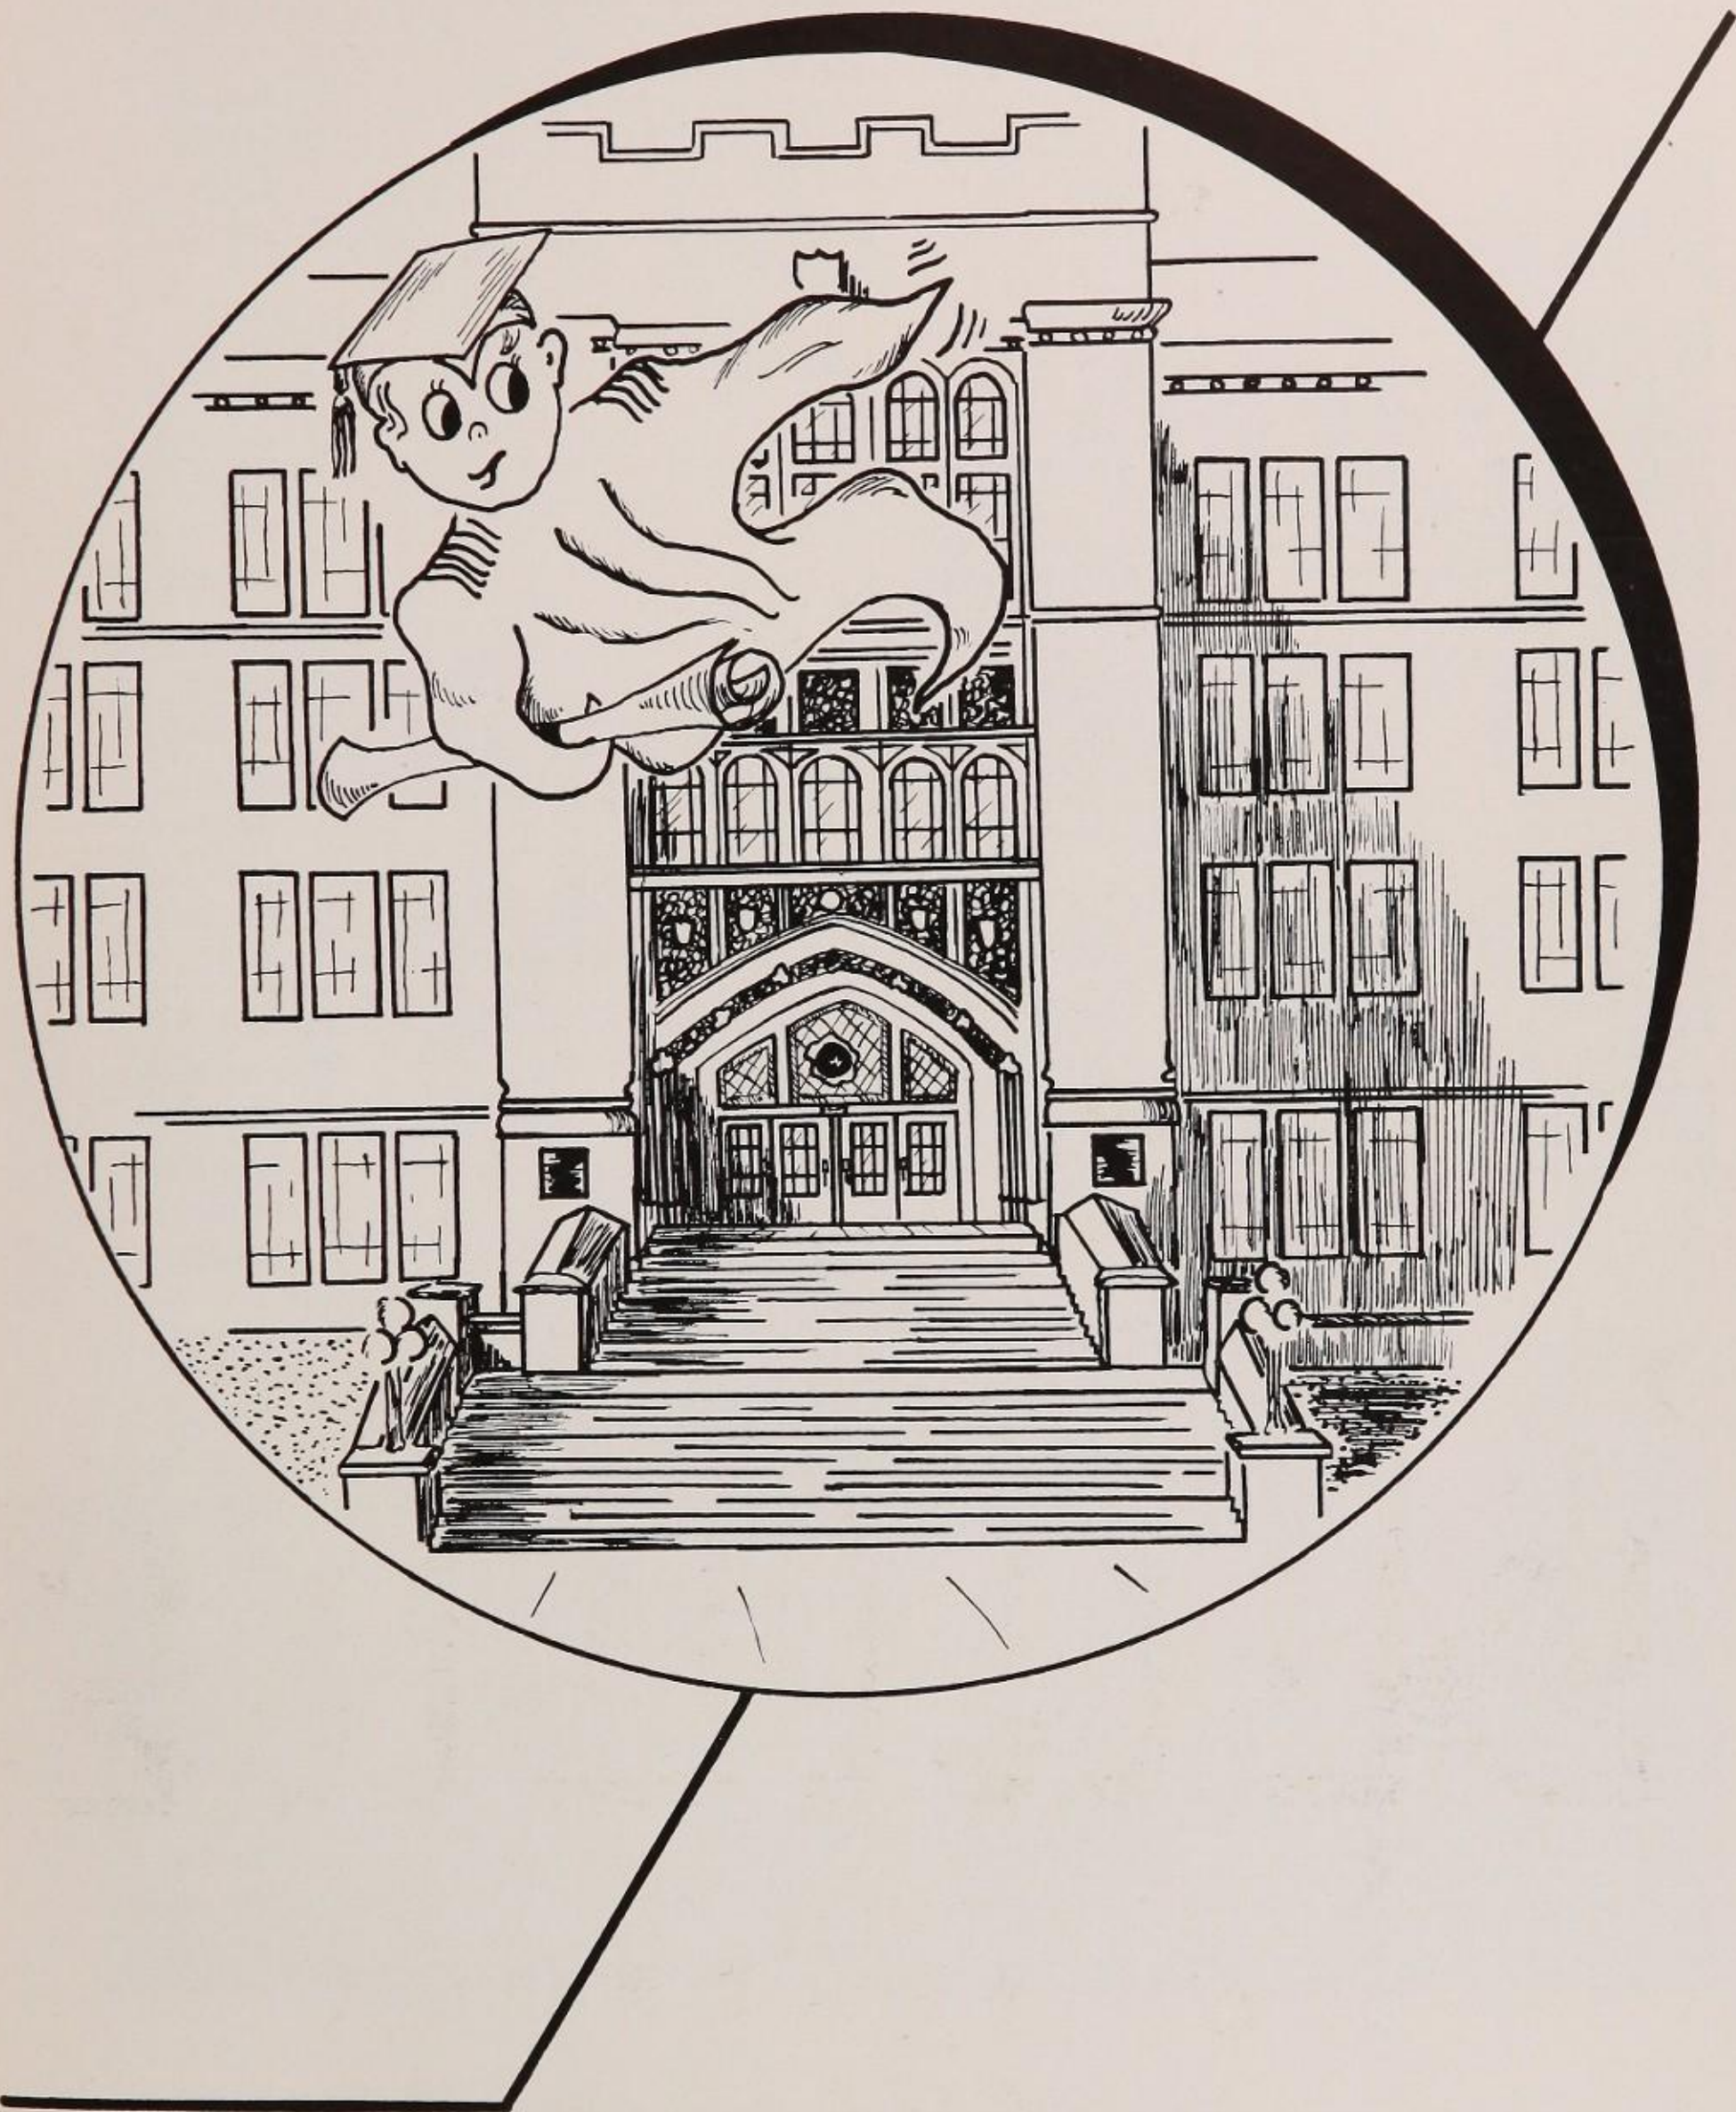

But not half so proud as I am. These last three years I've
been with them every minute. Who inspires those terrific
grades? Me! Who guides them in their outside activities?

Me! . . . I don't want to brag, but the fact that the spirit
of Washington is in their hearts has lots to do with their
success . . . I'm going to miss these seniors. Take Purgy
and Goldy, for example. True purple-and-gold 'Tonians:
good grades, swell spirit, and pleasing personalities. The
rest of their class is the same—And what times we've had
these past three years! Wow! Although I'll miss them,
I'll always be with them in their hearts . . . Through the
years ahead, my little spirit will keep bobbing around
But—they aren't the only ones I'm with. No siree! I'm in
all the grads from 1915 on, and in these "Sophies" and
"Juniors," I'm really cooking with gas . . . This is why,
in all sincerity, the whole school (and me) wish you
seniors the best of luck in everything you do. So long, kids!

A-ooga!!! A-ooga!!! Oferhevvinsake . . . It's enough to
de-wit one, that old jalopy careening along filled to the brim
with mad riotous 'Tonians. To be young again, I (Spurty)
am thinking . . . to be the debonair youth again, oozing
wim, wigor, and witality . . . Never will I forget this last
year's sport season! I wonder how many tons of chewed-off
fingernails have been swept up after our swell teams pulled
a championship out of nowhere. Afterwards we celebrated
in the local beanery . . . What fun to watch the beguiled
females sighing as they watch the wheels confidently roll
past . . . And everything else happening within, around, and
after school. For instance, Harvest Time and the Capers,
Student Council dances . . . sitting under the spell of our
music concerts . . . And *Glamour Boy*, the class play.
I remember being asked by a blushing maid to the "Fairy
Fantasy" . . . (Of course, I took her to the "Melody in
Pastels") . . . During lunch it seems Purgy devours twice
as many hot dogs when Goldy is around . . . particularly
in the spring (a Cafeteria Casanova)!! I guess their fact-
crammed crania are always capable of fun—and I know
that will ever pervade the Halls of Alma Mater.
